

Falcon Clothing Inc.

Falcon Clothing is proud to introduce Bamboo Wear Golf Shirts

Yes, they really are made of 100% Bamboo fibre

There is a natural link between golf and our environment, yet most manufacturers use polyester for their performance golf shirts. Polyester comes from petroleum, a depleting resource and it is not biodegradable.

Bamboo provides the superior performance and feel we desire with all the added environmental benefits

Performance

- Cooler than cotton or any synthetic fibres
- More absorbent than cotton or polyester
- Silky soft & light weight
- Natural antibacterial and hypoallergenic
- Natural UV protection
- Odour free

Natural

Navy

Black

Environmental

- 100% Biodegradable
- Bamboo renews itself every 3-5 years
- No Pesticides are used to produce Bamboo

If you are giving golf shirts to your corporate clients this year
make a statement with Bamboo
